High School Graduation Day 1969 seems like just yesterday!!! Isn't it amazing how our lives have unfolded, often in surprising ways, over the past 50 years? Life is a truly beautiful gift, and each of us has had the opportunity to use our life gift to grow ourselves, families, friendships, careers, and much more over the past half century. Wow, a half century sounds like a long time, but for most of us the past 50 years has gone by so very quickly. Yes, the world has changed, and we have changed in many ways, and yet the seeds of friendship, fun, and learning planted during our school years in St. Clairsville continue to grow in our lives. That's what it's all about: Living fully, doing our best, giving back to others, having fun, and taking our friendships to the next level, which hopefully tonight will help us do. Some of us have been together since Kindergarten. Others joined us in grade school and junior high. Still others joined our class in high school. Memories are one of life's most cherished possessions. Tonight is about remembering and renewing old friendships, and it's about laughing, having fun, and sharing stories about our time together at St. Clairsville High School and beyond. We are so glad you're here. Thank you for joining us for this happy celebration.
